Frequently asked Questions:

Do you use assistants?

Yes! Assistants are very important for three reasons: one, they take care of my gear, leaving me free to move around and concentrate on your wedding. Two, they provide an extra set of eyes, which altogether adds another dimension to your wedding photos. More photographers mean a better chance of more details captured and more chances for stunning images! And finally, my assistants are trained in my lighting styles, which is great for creating exciting new style images quickly in a fast paced wedding situation. All assistants are hand picked by me for their competency and creative ability, and they come included in all 9 hour package prices. An assistant can be added to a 4 hour package for \$250.00

Do I need to make a deposit?

A \$500 deposit is required at the time of booking, this secures your wedding date and is non refundable. 50% of The remainder is payable before your wedding date and the final 50% is payable when you receive your images.

How many images will I receive?

This all depends on certain conditions like how many guests you have or what the weather is like. However you will receive all images I take with no restrictions. For a 4 hour wedding you will receive at the very least 200 images, for a 9 hour wedding the absolute least would be 700 images.

How long will it take to receive my images?

You will receive your images within two weeks of your wedding date. Albums will take longer depending on what style of album you choose.

Who owns my images?

You do ! Upon receiving your dvd folio you will become the copyright holder of your wedding photos.

Do you travel ?

Yes ! In fact I love to travel and experience new photo locations, and will travel anywhere in the world to shoot your wedding.
